

# WOOSTER

## Physics

Colloquium Series

**11a.m. Thursday, January 26th**  
**Taylor 111**

Research Overview with  
The College of Wooster Physics Faculty  
Laura DeGroot, Cody Leary, Susan Lehman, & Niklas Manz

The College of Wooster physics faculty will present an overview of their research. From *Classical and Quantum Optics* and *Reaction Diffusion Systems* to *Critical Phenomena* and *Galaxy Morphology*, students will learn about the wide array of experimental, computational, and theoretical research conducted within in the department.
